

IN THE SUPERIOR COURT OF THE STATE OF WASHINGTON
FOR THE COUNTY OF KING
JUVENILE DIVISION

<div style="text-align: center;"><div>_____ SCHOOL DISTRICT,</div><div>Petitioner,</div><div>V.</div></div> <div style="margin-top: 20px;"><div>Student _____ Respondent,</div><div>(DOB _____)</div></div> <div style="margin-top: 20px;"><div>Parent/guardian _____ Respondent.</div></div>	<div style="text-align: center;"><div>No. _____</div><div>DECLARATION OF:</div></div>
---	---

- I, _____ declare as follows:
1. I am the Truancy Representative for _____ School District # _____. This declaration is based upon my personal knowledge, and I am competent to testify to the matters herein.
 2. As the Truancy Representative for the district, I am familiar with the computer attendance records maintained by the district. A true and correct copy of this student's computer attendance records is attached. School attendance documents are school records. They contain necessary information such as a student's name, identification number, address, phone number, and dates of any absent or truant days.
 3. As part of my job responsibilities, I work with school attendance specialists and other school employees and am familiar with district attendance program and software, compulsory school attendance laws, RCW 28A.225. I am familiar with the information contained on the student attendance record.
 4. The _____ School District is an institution created by the Legislature. The school district is a non-profit institution and qualifies as a business as that term is broadly defined.
 5. School attendance records are kept in the regular course of business. District teachers or their designees take attendance at the beginning of each class period. The district teachers or their designees thereafter input the information into a District-wide computer database on a daily basis.

6. School attendance records chronicle an act or event. These records contain statistical information documenting the non-attendance by a student in a particular class or classes on a specific date. To be marked not in attendance, a specific and affirmative step must be taken by the teacher and the school, thus ensuring a high degree of trustworthiness. These records do not contain opinions. If an error is found, correction to a student's attendance record may be made through the school's attendance specialist.

7. School attendance records are made at or near the time of the student's non-attendance. It is a District procedure that each school updates its attendance records on a daily basis, and in my experience at the District, school attendance records are updated promptly and within a 24-hour period of time.

8. The district has maintained computer-generated attendance records since I have been the Truancy Manager, and in my experience the records are highly reliable and accurately reflect whether a student was in attendance or absent on a particular day or from a specific class. Storing attendance records in a computer is the District standard, and it creates an accurate records. The District relies on this information.

I certify that the above information was obtained from school records kept in the regular course of business, at or near the time of the event, is true and accurate, and that the school has complied with the statutory requirements of RCW 28A.225.020. I am filing this petition because the actions taken by the school district have not been successful in substantially reducing the child's absence from school, and court intervention and supervision are necessary to assist the school district in reducing the child's absence from school. I declare under penalty of perjury under the laws of the state of Washington that the foregoing is true and correct to the best of my knowledge.

Dated this _____ day of _____, 201____, at _____, Washington
